

Summer School

***Rules:**

- All students participating in summer school programs must be reported with a **Program Service** code for summer school participation.
- This code is applicable to all programs, including elementary, middle and secondary, without regard to how the program is funded.
- The district of residence should report the summer school record for all enrolled students, regardless of whether the summer school was in the district or in another school district.

Summer school codes are based on the reason the student is taking this program:

Reason A		Reason B
This is the first time the student has taken this program or the student is taking this program for advanced enrichment		The student is taking this program as academic intervention, to improve his/her grades, or because the student is in risk of failing State tests

Remember!

Summer School is a SCHOOL LEVEL SERVICE! It needs a Service Provider BEDS Code!

- Use the BEDS code of the school building or BOCES BEDS code of the location of the summer school program.
- If the Building Level BEDS code is not known, you may use the District code. THIS IS THE ONLY TIME YOU CAN USE THE DISTRICT CODE IN THE SERVICE PROVIDERS BEDS CODE FIELD!!!
- If a student takes a summer school course somewhere other than a district school or a BOCES, use the BEDS code of the school in which the student is enrolled during the regular school year to report the Program Service.
- The LOCATION CODE is fine to stay with either "0000" or the school that they are enrolled in regularly.
